About Company

Our team of seasoned designers consistently pushes the boundaries of creativity, delivering lighting fixtures that blend functionality with aesthetic appeal.

At Light House, we don't just sell lights; we craft luminous experiences that transform spaces. As a premier provider of interior lighting solutions, we are dedicated to infusing brilliance into every corner of your life.

Established with a passion for redefining spaces through light, Light House has emerged as a beacon of innovation in the interior lighting industry. With a commitment to quality, aesthetics, and sustainability, we curate a diverse range of lighting solutions that elevate the ambiance of residential, commercial, and hospitality spaces.

CEO Message

In the world of design and ambiance, lighting plays a pivotal role in shaping spaces and creating unforgettable experiences. At Light House, we understand the profound impact that well-designed lighting can have on the aesthetics and functionality of both interiors and exteriors. As the CEO, I am committed to leading our team towards excellence, pushing boundaries, and setting new standards in the lighting industry.

Our journey is not just about distributing lights; it's about curating environments that inspire, evoke emotion, and enhance the quality of life. Whether it's the warm glow of a pendant light in a cozy living room or the strategic illumination of a facade highlighting architectural brilliance, we are in the business of transforming spaces.

Innovation is at the heart of our company culture. We will continue to invest in research and development, staying ahead of industry trends and pioneering cutting-edge technologies. Our commitment to sustainability is unwavering, and we will actively seek eco-friendly solutions that align with our vision for a brighter and greener future.

Our Services

Customised Light

Our custom wooden light designs are not just fixtures; they are statements. We understand that each space has its own personality

Led Lights

At Light House, we understand that each space has its unique lighting needs. That's why we offer a comprehensive range of LED lights, meticulously designed to illuminate every environment with efficiency, style, and sustainability.

Indoor & Outdoor Light designing

Indoor spaces are canvases waiting to be painted with light. Our team of skilled designers understands the nuances of interior light design, seamlessly blending aesthetics with functionality.

Fancy Light Installation & Servicing

Our skilled team of technicians specializes in the art of installation. Whether you have a vision for a dazzling chandelier in your living room or intricate pendant lights in a commercial space, we bring your ideas to life.

Our Work Process

Consultation

Our process kicks off with a thorough consultation. Whether you're a homeowner, architect, or business owner, we take the time to comprehend your vision, preferences, and the unique characteristics of your space. This initial step lays the foundation for a tailored lighting solution.

Design Exploration

Armed with insights from the consultation, our design team gets to work. We explore a myriad of design possibilities, considering both aesthetics and functionality. From ambient lighting to task-focused solutions, we present you with a range of designs that align with your vision and enhance the character of your space.

Product Selection

Once the design direction is defined, we guide you through our curated collection of lighting fixtures. Our product range is diverse, catering to various styles, themes, and preferences. Whether you're drawn to modern minimalism or classic elegance, we have the perfect light to bring your vision to life.

Customization

Recognizing that one size doesn't fit all, we offer customization options. Tailor the chosen fixtures to match the unique dimensions and color schemes of your space. Our goal is to ensure that the lights not only illuminate but seamlessly integrate into the overall design, creating a cohesive and captivating atmosphere.

Installation

Our skilled installation team takes charge, bringing the design to life. With precision and care, we install each fixture, considering factors such as optimal placement, wiring, and structural compatibility. The result is not just a set of lights but an orchestrated play of illumination that transforms your space.

Quality Check & Support

Before we declare the project complete, we conduct a thorough quality check. Each fixture is inspected to ensure it meets our stringent standards for craftsmanship and functionality. Our commitment doesn't end with installation. We provide post-installation support, addressing any queries or issues that may arise. Whether it's a simple adjustment or a technical concern, our team is just a call away, ensuring your ongoing satisfaction.
